## LETTER OF APPRECIATION

**BERKAT HONEYWELL SDN. BHD.** would like to appreciate **ZSR VORTICES SDN. BHD.** for their major contribution and excellent support extended during **Honeywell Projects execution** at **PETRONAS Penapisan (Terengganu) Sdn Bhd**, Kerteh, Terengganu. Your company's commitment during the Design, Material supply, Testing & site work execution of **EPCC KR1 Tank Overfill Protection (TOP); Fired Heater Safeguarding Improvement (F-101); and Compressor K-1101 & K-1102 A/B Up Gradation Projects** in **2014-2015** was exemplary. It is also noted that ZSR has given full pledge performance in sustaining good HSE performance.

The scope of works at the owner plant location was including the following:

- Site Survey & Engineering Design of Civil, Mechanical, Electrical, Process & Instrumentation packages.
- Procurement of related material for all packages mentioned above.
- Electrical & Instrumentation works (Cable laying, wiring, termination & transmitters installations)
- Field Devices installation.
- Civil works.
- Scaffolding works.
- Piping modification works.
- Safety PLC & DCS integration works.
- Testing & Commissioning.

Services rendered by **ZSR VORTICES SDN. BHD.** during the execution of **03 No. of Honeywell Projects** deserves great admiration which enabled us to deliver within contractual time agreement.

We are truly grateful of your company's excellent performance in order to achieve targets & goal towards HSE zero accidents and incidents. Our Best wishes to ZSR for maintaining the best practices during forthcoming projects to sustain the benefits of all stakeholders around PETRONAS Site Location.

Honeywell would like to anticipate the similar services & business relationship for forthcoming opportunities. Wish all the best for your organization's success in the future.

Thank you and Best regards,

Pravin Nehete.  
Project Manager.
